MEMORANDUM FOR: Chief, Logistics Branch, SS/NPIC

THROUGH : Director, National Photographic Interpretation Center

SUBJECT : Cleaning of Lavatories on Third Floor

25X1

I am pleased to note a vast improvement during the past few months in the condition of the Mens Room serving OIA. The distaff side of the office advises that the same is true of the Womens Room. It is evident that the cleaning of these facilities is being done with care and attention. Those responsible for this effort should be advised that their efforts are very much appreciated.
